Pic shows Dean doing some final training for his attempt at a 36 hour non-stop swim. It will take place near the Adventure Golf and starts at 8am on Friday 5th August and finishes at 8pm on Saturday 6th August. He is raising money toward a new rescue boat – please come and support

We would like to thank Adventure golf, Rutherford Pools and Jewsons for sponsoring the event.

Please come along and encourage Dean and help us to raise the money needed for our new rescue boat. There is **NO SWIMMING ON FRIDAY 5th**

After several years of planning the chance to try to swim for a solid 36 hour period seems has become a reality – we start on the 5th August at 8:00 am and finish on Saturday 6th at 8:00 pm, just after the carnival finishes.

Dean Baker, a long time member of the club is attempting the full 36 hours. He has completed a few endurance events now and wanted to try something unique, we looked at 24 hour swims and felt that too many people already try that. That sort of left 36 hours!!

We are raising money for Hastings Voluntary Lifeguards as we need to buy a new rescue boat so that we can continue to provide top class safety cover in Hastings, Bexhill and for local events.

The event is taking place in a 'never ending pool' to be situated near the Adventure Golf on Hastings Sea front. We would like to thank both Adventure Golf and Rutherford Pools for their sponsorship in making the event happen.
